

ALEXANDRE VAN DER PLASSCHE

Seeking a 4 to 6 month internship as software developer
starting May 2026

Software developer with a strong foundation in computer science and hands-on experience at **42 Lausanne**, where I rank among the **top 5** students of the September 2024 cohort.

I specialize in C/C++ **systems programming**, with a particular interest in graphics, rendering and low-level performance

Motivated, rigorous and quick to learn, I am seeking a 4 to 6 month internship in Switzerland to contribute to real-world projects while expanding my skills in modern software development.

EDUCATION

Present
42 LAUSANNE

- Software Engineering (2024 - 2026)

Previous
UNIVERSITY OF MONTREAL

- Major in Electroacoustic Studies (2017 - 2019)
- Bachelor in Economic Sciences (2013 - 2016)

SKILLS

Core Languages

C, C++

Scripting & Automations

Python, Bash

Web

JavaScript (React, Node, Express)

HTML, CSS

Tools & Environment

Git, Docker, Linux, VS Code

LANGUAGES

- French (native)
- English (fluent)

PROGRAMMING PROJECTS

Webserv

C++, HTTP

- Custom fully functional Nginx inspired HTTP server, built from scratch with C++98, handling concurrent connections, static file serving, and CGI execution. Demonstrated advanced network programming, multi-client communication, and parsing complex HTTP requests.

MiniRT

C, Graphic Programming, Ray Tracing

- Multithreaded ray tracing engine built from scratch to render 3D scenes. Capable of simulating complex lighting, shadows, and objects, showcasing mastery of linear algebra and rendering algorithms.

Minishell

C, Bash

- Full custom command-line interpreter (shell) replicating core Bash features, including lexical analysis (parsing), piping, redirection, and process execution.

BACKGROUND & INTERESTS

Music

- 10 years as an Electronic Music Composer and International Performer/DJ; Sound Designer for short movies.

Restaurant industry

- 9 years of work experience in the restaurant industry (4 different restaurants), temporary management roles.

Interests

- Geopolitical History, Independent Comics, Oenology, Age of Empires, Tennis & Table Tennis
